## 4 FAQs FOR NAPPY STYLES™

- 1. How do I keep my hair from being so dry looking?**  
Use the Nappy Styles™ Quick Soft Leave in Conditioner daily. If your hair is extra dry and damaged, use a quarter size amount of the Nappy Style Beard & Hair Oil and massage into to your hair after using Leave in Conditioner.
- 2. How often should I shampoo my hair?**  
You should shampoo your hair at least 2 times per week, using the Nappy Styles™ 3N1 Sulfate FREE Shampoo. Too much cleaning can make men's short hair dry and brittle and breakage-prone.
- 3. My hair can become very tangled, dry and difficult to comb. What is the best method for combing without breakage?**  
First, before attempting to comb your hair, wet it thoroughly. Once wet, apply Nappy Styles™ Quick Soft Leave-In Conditioner, massage into hair and use Nappy Styles™ Gel to help in detangling and adding shine.
- 4. What steps should I take to maintain healthy, strong hair?**  
Clean with Nappy Styles™ Sulfate FREE 3N1 Shampoo. Moisturize with Nappy Styles™ Quick Soft Leave-In Conditioner, and seal in moisture with light oils like Nappy Styles™ Beard & Hair Oil for preventing dry scalp.
